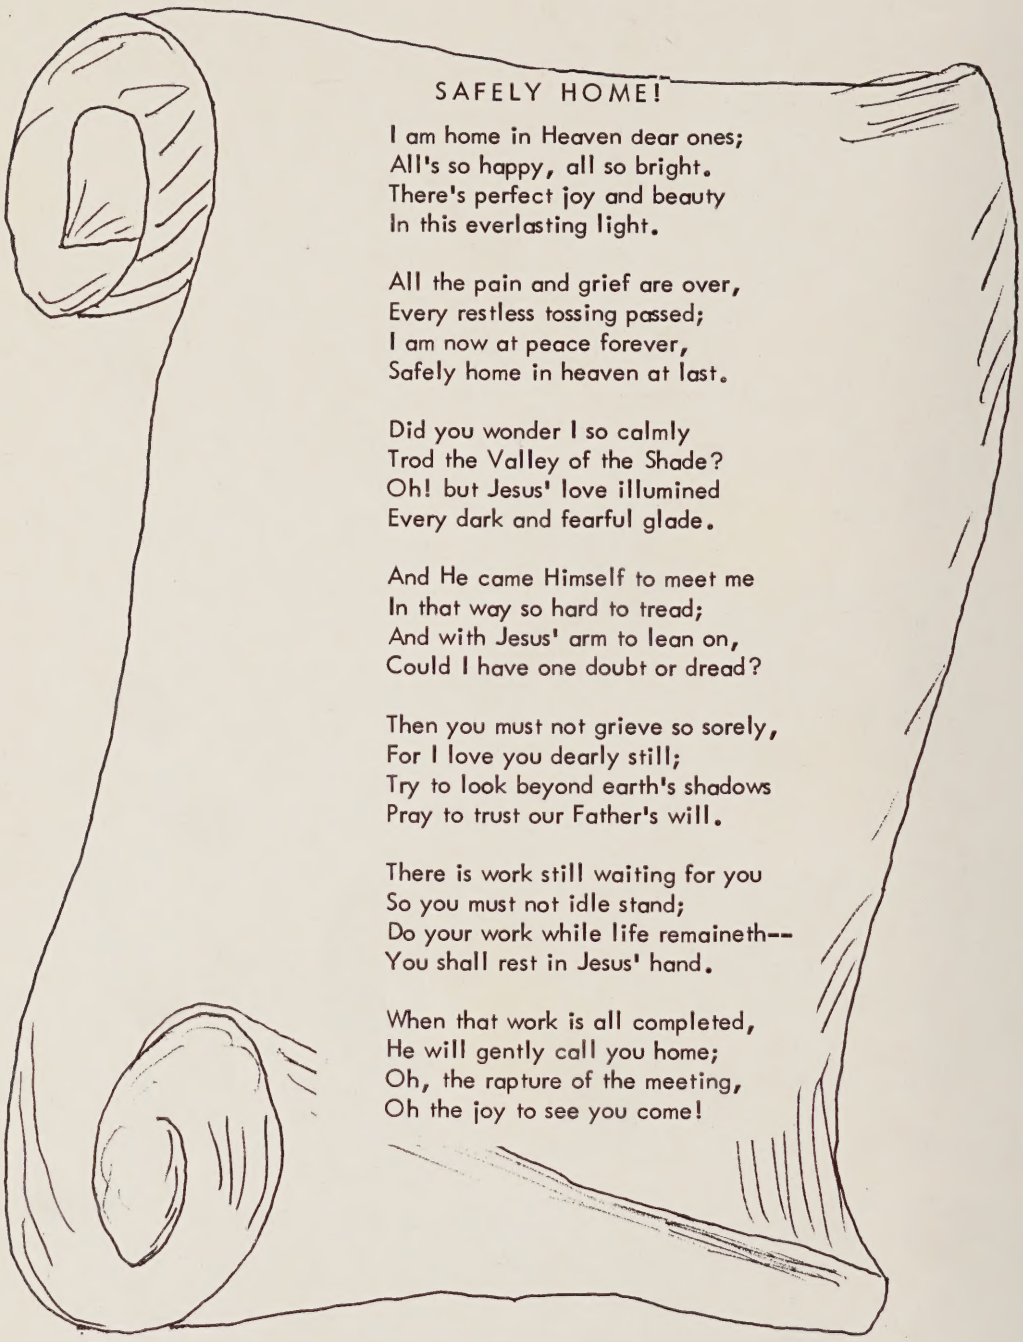
Foreword

We present this edition of the Hornet with much apprehension toward it and coming graduation. We cross our fingers that this will be the best one yet.

Although the seniors are the editors, it could not be accomplished without the liberal help of Miss Ruth Lunsford, sponsor of the Hornet since it was started.

We hope that this Hornet will bring fond memories of this year in years to come.

In Memoriam



SAFELY HOME!

I am home in Heaven dear ones;
All's so happy, all so bright.
There's perfect joy and beauty
In this everlasting light.

All the pain and grief are over,
Every restless tossing passed;
I am now at peace forever,
Safely home in heaven at last.

Did you wonder I so calmly
Trod the Valley of the Shade?
Oh! but Jesus' love illumined
Every dark and fearful glade.

And He came Himself to meet me
In that way so hard to tread;
And with Jesus' arm to lean on,
Could I have one doubt or dread?

Then you must not grieve so sorely,
For I love you dearly still;
Try to look beyond earth's shadows
Pray to trust our Father's will.

There is work still waiting for you
So you must not idle stand;
Do your work while life remaineth--
You shall rest in Jesus' hand.

When that work is all completed,
He will gently call you home;
Oh, the rapture of the meeting,
Oh the joy to see you come!

"A Dedicated Teacher"

Dedication

MRS. BARBARA LONG

We, the Seniors of 1966, dedicate this volume of THE HORNET to Mrs. Barbara Long.

She has been more than a great teacher to us. She has been a friend and counselor also. When the going has been rough, she has been there to help. When it has been fun, she has enjoyed it with us.

We, the Seniors, therefore salute Mrs. Long.

ADMINISTRATION

Principal's Message

PRINCIPAL G. N. TITUS

Seniors: In today's world of great scientific achievement we are prone to think that the most important things are sending men into space at fantastic speeds, shooting projectiles past the stars to infinity, landing on the moon, or a great society in which all men can look fondly to the future when we are all rich in material things. Some of these achievements are important and some border on the ridiculous. A Great Society may be achieved but not through political maneuvering.

If each of us accepts and lives by the highest ideals and concepts accepted by our society we may develop a good society. Too often these attributes are minimized or even abandoned entirely, but these, and not riots, civil disobedience, bombs, and bullets, are the means of achieving a good and lasting society.

One of the greatest challenges of your generation will be promoting and exemplifying the freedoms granted in our society and the responsibilities inherent in these freedoms. Our generation has failed in this, so the responsibility is passed on to yours.

A HIGH SCHOOL PRAYER

A woman is my teacher,
I shall not pass.
She leadeth me to the blackboard,
She handeth me the chalk;
She guideth me in the straight path
For my grades' sake.
Yea, though I walk through
The valley of Knowledge, I
Learneth not, for I am dumb.
My notebook and my pencil
They accompany me.
She maketh me show my ignoramce
Before my fellow students;
She hath annointed my head
With examples.
Surely math and science
Shall follow me all the days
Of my life, and I shall be
In High School forever.

SENIORS

Class History

In 1954, a group of bawling, squalling, homesick kids started school. We were that group. Our first school year began at Hurdle Mills, Helena, and Mt. Tirzah.

Our first grade teachers were Mrs. Claude Whitfield, Mrs. Thomas Whitfield, Mrs. Carver, and Miss Monk. All of us enjoyed school after we recovered from our first day "Jitters". The students at Mt. Tirzah enjoyed a weiner roast in their first year of school. After Helena students had settled into the routine of school life, they had a good time at school. A favorite period of the day was our nap. After lunch, we all got to take a nap. A few of us pulled sneaky tricks, like pretending to be asleep so the teacher wouldn't wake us when it was time for class.

Time passed and most of us were promoted to the second grade. Here our teachers were Mrs. Carver, Miss Pearce, Mrs. Claude Whitfield, Mrs. Snipes, and Mrs. Moore. In the second grade we began to get a taste of what school was going to be like. Here we first learned to spell, and the halls rang with echoes of "c a t, d o g". Aside from advanced learning, we also had many outside activities. The students at Mt. Tirzah went to their teacher's house for a picnic.

In the third grade we were taught by Miss Pearce, Mrs. Satterfield, Mrs. Snipes, and Mrs. Winstead. At Helena, we gained better pensmanship. Our practice sentence was "I must not talk in class." At Hurdle Mills we had our first Easter egg hunt, while at Mt. Tirzah we went to the symphony at Roxboro and to a show. Another big event during our third year at Helena was our Christmas play. It was given for the P.T.A., and was a big success. The play was a story about Santa's workshop.

Before very long, time had come for us to serve our time in the fourth grade. This year our teachers were Mrs. Winstead, Mrs. Daniels, Mrs. Satterfield, Miss Rogers, and Mrs. Snipes. The Helena class had their first picnic at the tressle, while Mt. Tirzah had their picnic at church. Hurdle Mills students also enjoyed a certain teacher, especially when she fell asleep. The Helena students also enjoyed a Science Fair when they were in the fourth grade. All grades participated, and exhibits were set up in the gym.

Our teachers in the fifth grade were: Mrs. O'Briant, Mrs. Daniels, Mrs. Horton, and Mrs. Howard. The classes at Hurdle Mills and Mt. Tirzah went to the symphony concert at Roxboro. The class at Helena enjoyed a trip to Pulliam Park. They tell me that was a "wild" train ride.

In the sixth grade, Mrs. Lowery, Mrs. Hicks, and Mrs. Horton taught us. The girls at Hurdle Mills made up box suppers and auctioned them off to the boys. With the money, we had a weiner roast. At Mt. Tirzah we went to the show.

In the seventh grade we were tutored by Mrs. Barnes, Mr. Shelton, Mrs. Lowery, and Mrs. Clay. Both Mt. Tirzah and Helena participate in an eighth grade party. At Hurdle Mills, the students had a class weiner roast. Helena also enjoyed a class party. The highlight of the party was a "This Is Your Life" skit. The object of this skit was Tony Gentry. They say he was really surprised.

Our eighth grade teachers were Mr. Warren, Mr. Windham, Mrs. Moore, and Mr. Yates. Students at Mt. Tirzah went to Chapel Hill and Raleigh. They also had a graduation dance. Helena students enjoyed their last year of grammar school, especially since the May king and queen were from the eighth grade. This year Helena also went to Liggett & Myers, where they enjoyed a tour of the factory. They also went to Morehead Planetarium and saw a program on the universe. The eighth year at Hurdle Mills included swimming, riding, and weiner roast at Holiday Park.

In 1962, at Helena, the three different classes met. Our ninth grade teachers were Mrs. Titus, Mrs. Newell, and Mrs. Welch. Our first weeks in high school were pretty rough. We were pushed around and called "dumb" freshmen. In spite of everything we survived and became used to the routine. Before the end of the year we were old hands at high school life.

The boys and girls who took Agriculture and Home Economics were the unlucky victims of initiations. The girls wore everything from diapers to long underwear. We brought in several new hairstyles, such as teased all over, up in fifteen or twenty plaits, and pincurls. Following the fashion show we were put through the supreme test. We were led into the back room and given a drink of a strange concoction prepared by the second year girls.

The boys went through similar ordeals to become a member of the Future Farmers of America. Part of their initiation took place at school. They were dressed in old overalls and ragged shirts and their prized possession was a rag with a little kerosene on it. For the rest of the day you became very familiar with a certain sight. If you walked down the hall, you would undoubtedly see a freshman on his knees polishing shoes. What happened that night is a complete mystery. No one will tell about it.

Students who were lucky enough to get in the Monogram Club enjoyed a "fun" day at school. As a part of the initiation, they had to wear ridiculous costumes. Many found it difficult to get in their seats with so many paddings in their clothes.

Our tenth grade teachers were Mr. Hicks and Mrs. Brooks. We must have been pretty terrible because the boys and girls were separated. Some of us got revenge through initiation of new freshmen. We took out on them what we had gone through. The big event of our sophomore year was our class party. We collected money and had a sock hop in the gym. Mr. Hicks, Mrs. Brooks, and a few of the parents chaperoned. Everyone had a wonderful time, and the party was a big success.

Initiations became an everyday thing in our lives this year. We were very proud of our classmates who made the Beta Club, but they didn't seem to enjoy initiation. They were made to parade in the gym during halftime at a ballgame. Another part of the initiation were some very embarrassing skits. The rest of our tenth year at school passed uneventfully, and we found ourselves on the verge of becoming Juniors.

The homeroom teachers for the eleventh grade were Mr. Hodge and Mrs. Myers. We had many things to look forward to that year. The two U. S. History classes went with Mr. Wachs to Chapel Hill. We heard Secretary of State Dean Rusk speak at Carolina. After this we ate dinner in Durham and returned to Helena. When we got back, we found that a representative was waiting to help us pick out our class rings. I'm sure that none of us will ever forget that day. After what seemed like months of waiting, we finally received our rings. We were really proud of them, and we had a right to be--they certainly got us in a lot of trouble. We were penalized because we made so much noise going to the gym when they came. Our punishment was the kind that hurt us the most. For a good while we couldn't leave the cafeteria when we had finished eating.

The biggest event of the Junior year was the Junior-Senior Banquet. After picking a theme, we spent many nights working on the gym. Our work was really rewarded, for the gym never looked better than it did the night of the banquet. Everyone was looking wonderful, and that went down as another unforgettable night in the lives of some Juniors and Seniors.

After what seems like ages, yet not really so long, we are Seniors. This year is the one we have been waiting for. Our teachers are Mrs. Long and Miss Lunsford, and without their guidance we would be lost. When we look forward to graduation and things to come, we realize that everything bad that's happened in the last twelve years has been worth it.

We are working hard on our annual, and really pushing the drive. With a little luck, we think that our annual will be the best yet. We chose superlatives, and their pictures were made at Charlotte's house. The ones chosen enjoyed refreshments and a card game after the pictures were taken.

Before too very long we will be graduating and each of us will be going out on a life of his or her own. I'm sure, however, that no matter where we go or what we do, we will never forget the classmates and good times we have had these past years. We will never forget those "good ole days" at Hurdle Mills, Helena and Mt. Tirzah.

Class Prophecy

While I was taking a ride in my rocket ship the other day, I noticed something very unusual about the stars as I flew by them. On each one I passed I saw a familiar face. I later recognized them to be the faces of my former classmates at good "ole" Helena High.

I recognized the face of the first star to be that of NANCY ASHLEY. Nancy is now a model at the Old Bachelors' Home.

Following Nancy, I saw RANDY BARNETTE. Randy is training kangaroos to box for the Boxing Kangaroos Inc. of Australia.

The next image was that of ANN BOWLING. She is a ticket salesman at one of the side shows at the Worlds Fair. I wonder from which one she's taking lessons.

I learned from another star that PATRICIA CARVER gave up her title as "Miss America" to marry Jimmy Davis.

After Patricia I saw the face of REGGIE CARVER. He is now the owner and operator of a side show at the Person County Fair. He always did go for the "ole 'Hootch'".

Following Reggie, I gazed upon DONALD CASH. He and Faye Carden are now married and have a set of twins.

On the next star I glimpsed MARY CASH. She finally married and is now a registered nurse at Watts Hospital. Guess who her husband is?

Following Mary, I saw MICKEY CHAMBERS. He has become an auto mechanic and is building engines, but he still hasn't been able to build one to clock 115 m.p.h.

After Mickey, I spied BILLY CHANDLER. It seems he now has the fastest 58 Chevy at the Person County Drag Strip.

On the next star I recognized RONNIE CHANDLER. I see he has reformed from driving hot cars. He's teaching a course in Internal Combustion engines to high school students.

Following Ronnie, LINDA E. CLAYTON APPEARED. I understand that she is a W A C captain and is now stationed in Germany.

After Linda E., LINDA M. CLAYTON sailed by. It seems she has divorced Tony Clayton and is now working for the F. B. I. on a secret investigation.

Pictured on the next star was PATSY CLAYTON. She now lives on a horse ranch in Texas. She takes care of the horses while her husband looks after the business. He's a millionaire, you know.

You won't believe what I saw next. At first it seemed to be someone riding a star. The image became plainer and it was none other than VICKI CLAYTON. We only see her every 75 years since she hopped on Haley's Comet. She studies astrology.

Astride the next star was EARL CREWS. He's driving his hopped-up Volkswagen to his ice-plant every morning.

From the next heavenly body gleamed the face of DONNA DAVIS. She's finally secured a position in the "Revue" while Bobby works in the box office.

Following Donna, I saw REBECCA DAVIS. It seems she's working in a night club in New York as an exotic dancer. She really does keep things jumping.

After Rebecca, I recognized BARRY DAY. He's doing the housework and tending to the 12 kids while Patricia works.

The image of BOBBIE JEAN DAY was reflected on the next star. She's the owner of an ABC store, but she isn't making much of a profit because all of the little Days are drinking up all the "booze."

NANCY DAY was not to be overlooked for she appeared before me just after Bobbie Jean. She is married to a millionaire living in Hollywood. I hear that he is an Oakley.

After Nancy, I saw the face of BERT DEAN. He has taken his band to England, and it seems he is a bigger hit over there than the Beatles were here.

Following Bert, I recognized DAN DUNCAN as he passed my space ship. He is now a highway patrolman, but instead of trying to catch the speeders, he tries to outrun them.

The stars were going by much faster now, and the faces seem to be getting clearer and clearer as they went by.

I was happy to see KEITH GARRETT soar by on another star. He is now driving in the NASCAR racing circuit. It seems he got his experience from driving from Roxboro to Helena in 11 minutes.

Following Keith, I glimpsed the face of FRANCES GRAY. She's taking Little Egypt's place as a belly dancer, and is using the name of Little Ruby.

After Frances, I stared at CHARLES HALL who drifted by. He now owns and operates the biggest dairy farm in Person County.

The next face I saw was that of CHARLOTTE HICKS. She went to the deep jungles of Africa to pursue the question "Does man come from ape?" Obviously she must think so because she went ape for an ape.

Following Charlotte, I recognized LUCY HICKS. She finally got married and is raising her own cheerleader squad of little "Hawkins'."

Next, I saw the face of ANTHONY HOWERTON. It seems he's got a reputation as the "King" of Copley's Corner. You may otherwise call him a "bouncer."

After Anthony, LINDA HUMPHRIES approached me. She and Reade Gray got married, and I hear that they are running a liquor still in their basement.

Following Linda, NEIL MOORE appeared before me. After 4 years of college, he has settled down to a steady job. It seems he is now operating one of his favorite shows. I wonder why he chose this profession.

On the next star I saw the face of DANNY MORRIS. He's finally turned over a new leaf and is behaving himself. It seems that he is attending Seminary at Wake Forest.

Following Danny I gazed upon the image of MARGARET NOELL. She's become a movie star, and portrays a wild and silly secretary for the Maxwell Smarts on the T. V. program "Get Smart."

After Margaret, I recognized PHYLLIS PEED. I saw her in the White House beauty shop as Mrs. Johnson's personal hairdresser.

Next I saw the face of NANCY RILEY. It seems that she is the biggest attraction at the Person County Fair. She works on stage and goes by the name of "Bubbles."

I remembered the next face to be that of HOLLY RIMMER. She's singing in England when the Beatles need competition.

After Holly, I saw RAY ROCKWELL. He has his own business now. It seems he liked to wash cars so much, he opened up his own car wash.

Following Ray, GARY ROGERS appeared. It seems he just couldn't make a go of the football profession and is now a chicken farmer. The cheerleaders made him so nervous, he couldn't hold on to the ball.

Next I saw PATRICIA ROGERS. She is now house mother of the biggest order of nuns in the United States.

The next former classmate whom I spied on my rocket journey was ANNE SIMPSON. She has joined the Navy, and it looks as though she's having a swell time dating those Navy guys.

Pictured on the next star I observed HARVEY TAYLOR. He is behind bars now. It seems his wife and 13 kids have driven him crazy.

Next I saw LEVON THOMAS. She's old and gray headed now, and I see children everywhere. I see three on her knee, four by the door, seven on the floor, and Levon says, "You ain't seen nothing yet."

Just as I was wondering what had happened to JOHN TIMBERLAKE, he appeared. He now owns a beauty shop called "The Tipsy." Funny how all the women come out with triangular and rectangular hair styles and nails.

Next I recognized SHARON TINGIN. She is now working for the Barnum and Bailey Circus as a trapeze artist.

The next face I saw was not too plain because this person has on a football helmet. As I come closer I recognize this familiar face to be that of JIMMY WHITE. It seems he is now a star linebacker for the Baltimore Colts.

Who was this I saw next? It was none other than MARTIN WHITT. He now directs a school for 007's with Jethro Bodine as his chief assistant.

Last, but not least, I observed the face of JERRY WOODLIEF. He is really having a good time giving lessons in swimming at an all girl's college.
